HushHybrid  hushoffice

Acoustic Pod

HushHybrid is a single-occupancy pod created for focus work, calls, and video conferences. Acoustic properties provide speech level reduction to ensure the privacy of conversations inside and minimize noise from outside. Two dimmable LED strip lights offer facial illumination when on camera. With its freestanding design and integrated casters, hushHybrid fits quickly and seamlessly into open-plan environments—without construction—and can be moved or turned when needed.

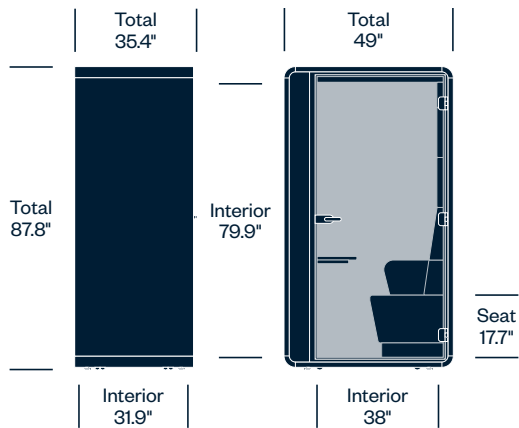

Features

- Acoustic design with:
 - Exterior constructed of 1.5", 3-layer honeycomb board with thermally fused laminate (TFL) finish and zero-joint laser edge technology
 - Laminated 0.19"-thick acoustic safety glass panels and door with an acoustic seal
 - Interior LDF (HDF) 0.11"-thick panels, covered in polyurethane foam and upholstered
 - Commercial-grade carpeted floor
- Motion-activated ventilation and LED lighting system runs only when pod is in use
- Easy-to-use knobs adjust fan speed and the brightness of facial light strips
- Power module with outlet and ports for USB-A, USB-C, and ethernet
- Upholstered padded seat, backrest, and armrest
- Laminate or TFL-finished worksurface

Certifications and Awards

- Meets IBC Requirements for Seismic Design of Nonstructural Components and Systems
- UL Listed
- Best of NeoCon - Silver Award
- Metropolis Likes NeoCon Award

Specifications

Speech Level Reduction:	25.6 decibels
Ceiling and Strip	
Lights Bulb Type:	LED
Ceiling Light Power:	6.4 watts
Ceiling Light Output:	150 lumens
Ceiling and Strip	
Lights Color Temperature:	4,000K
Strip Lights (2x) Power:	6.4 watts
Power Module Outlets:	110-volt power, USB-A, USB-C, RJ45 ethernet
Fast Charger:	5 amps max.
Max. Power Consumption:	27.5 watts
Air Ventilation	
Exchange Rate:	4,238 ft. ³ /hr. per fan (2 fans)
