

HAWORTH

Belong Hatch

Accessories

Belong™ Power Solutions are designed to work together for a holistic power and wire management experience. The Belong™ hatch provides access to power directly through the worksurface, enhancing user performance and making workstation setup easier. The cover sits flush with the desktop to hide a power strip, charging blocks, and cords stored in a wire management tray for a clean look that maximizes worksurface real estate.

Features

- Hides a power strip, cables, small docking stations, and charging blocks stored in a wire management tray (available separately) just below the desktop for quick and easy access
- Allows power and charging to move off the worksurface, while still readily accessible, freeing up desktop space
- Top of worksurface placement enables faster setup for docking stations, CPUs, monitors, lighting, etc.
- Surface-flush design allows monitor stands to be placed directly over the hatch
- Cover is reversible for use as a pencil tray
- Optional light plate sits inside the tray to be used with the Talia light (available separately)
- Ideal for use with Belong 15W and 65W power modules, wire management tray, mesh cable manager, and cord management cuffs
- Available in Snow and Charcoal finishes

Certifications/Accolades

- ETL listed to UL standards
