

HAWORTH

Belong

Privacy Screens and Panels

The Belong™ collection of screens and panels offers a variety of sizes, types, and aesthetic options that bring warmth and privacy to freestanding, benching, and spine-based solutions. With application breadth and scalable budget solutions, Belong and Belong Plus screens and gallery end panels elevate the experience for people doing individual or collaborative work in open environments.

Certifications

- GREENGUARD® Certified

Features

- Center screen provides privacy in front of and between users; for benching and spine-based systems
- Back screen provides privacy in front of the user and optional modesty below the worksurface; for benching, height-adjustable tables, or freestanding applications
- Territory screen offers a sense of personal space and boundaries between users
- End screen provides privacy along corridors and high traffic areas
- Gallery end panels help shield workers from passing distractions and create team boundaries
- Belong screens are available in fabric, glass, laminate, markerboard, steel, and veneer
- Belong Plus screens are tackable and wrapped in your choice of a variety of fabrics
- Gallery end panels are available in laminate, markerboard, and veneer
- Coordinates with the Haworth Integrated Palette™ and works with Belong Work Tools, Compose®, Compose Connections™, Reside®, Intuity®, Planes®, Hop®, and Upside®
