Tables

Worker comfort is one of today's top workplace issues. Organizations are being challenged to support well-being and diverse work styles through the strategic investment of limited resources.

With their range of shapes, sizes, and bases, Jive® tables support a variety of postures and activities. They provide comfortable, entry-level solutions that help people do their best work. For group and social space planning, Jive offers practical design features for seamless integration and easy reconfiguration.

## From Formal to Informal Meetings

Jive conference tables open an array of design possibilities. Choices include 12 top shapes, a variety of bases in a range of heights, and optional wire management. Support both formal meetings and casual gatherings in small meeting spaces, large conference rooms, and everywhere in between.

### **Sit, Stand, Collaborate**

Jive collaborative and side tables complement work and social spaces where people gather for everything from quick collaborations to casual lounge conversations. Fixed or height-adjustable bases meet various workstyle and work-process needs. Power-ready bases and worksurface cutout options make it simple to connect.

### Design Choices

For design freedom, Jive tables offer an array of shapes, sizes, and bases, as well as high-pressure laminate and premium veneer finished tops. Jive Swivel has an edgeband, while all other Jive tables are available with an edgeband or knife edge. Bases in a wide range of paint colors coordinate with any environment.

### Adapt the Layout as Needed

In dynamic applications where learning occurs, Jive training and multipurpose tables are easy to move and reconfigure. The variety of top shapes offer easy power accessibility. Rectangular tops are available with a flip-top. Jive Swivel features a tool-free mechanism to quickly align and attach multiple tables.

## **Aligning People and Space for Optimal Performance**
