

Hi Pad Stool

cappellini

Hi Pad is a collection of chair and stools in different heights with structure in beech plywood, padding in multi-density polyurethane foam and fixed upholstery in fabric or leather. Thanks to a refined and sophisticated upholstery system, the cover perfectly fits the three-dimensional shape of the padding for the entire lifetime of the product. Simple and essential, like all Morrison's products, Hi Pad is a long-selling item, able to endure time and trends.

Features

- Revolutionary product for its upholstery technology that joins fabric to polyurethane foam
- Minimalistic and timeless lines
- Great sartorial attention to detail
- Very thin but resistant legs in stainless steel
- Highly comfortable seat

Design by

Jasper Morrison (1999)
