

HAWORTH

Zody II

Seating

Performance elevated, globally celebrated, the easy-to-use Zody® II is a chair of firsts. Dual-posture options, enhanced control levers, and a patented back and pelvic support system promote healthy movement and well-being. It is rated one of the most comfortable task chairs, with applications throughout the office.

Features

- The first chair to offer a dual-posture option that supports seated and perching postures; ideal for use with a height-adjustable table
- Zody II, along with Zody LX, is the first furniture product to be Cradle to Cradle Certified® Bronze under the Version 4.0 standard
- Dimensionally more accommodating seat and enhanced arms provide a greater range of ergonomic support for more people
- Our patented pelvic and Asymmetrical Lumbar (PAL) provides independently adjustable support for each side of the lower back
- 4D arms fluidly adjust in height, side to side, front to back, and arm cap pivot position
- Back material options include mesh, digital knit, or back jacket
- Performance mesh in 9 colors or bleach cleanable digital knit back in 5 colors
- Also available in fully upholstered Zody LX seating
