

BRAZO

LEED

BRAZO Contributions to LEED®

Minimize impact. Maximize investment. BRAZO™ is durable and adaptable so it will keep working for you through many years of change. BRAZO products may contribute to the individual prerequisites and credits of LEED. Because LEED is a holistic building rating system and sustainable design guideline, there is no such thing as LEED-certified products—only ways of using and applying products to support the criteria.

BRAZO contributes to the following LEED Certifications:

LEED 2009 for Commercial Interiors

LEED 2009 for New Construction

LEED 2009 for Existing Buildings

LEED 2009 for Core and Shell Development

HAWORTH®

BRAZO™ Contributions to LEED® 2009

Product Name: BRAZO Light
LEED Rating System: LEED 2009 for Commercial Interiors

Energy & Atmosphere

Credit 1.1	Optimize Energy Performance - Lighting Power <i>BRAZO lighting solutions utilize energy efficient LED lamps.</i>	1-3 points
------------	--	------------

Materials & Resources

Credit 2	Construction Waste Management <i>BRAZO packing materials include cardboard and polyethylene film, both of which are easily recycled in many markets.</i>	1-2 points
Credit 3.2	Materials Reuse --- Furniture and Furnishings <i>BRAZO products are designed for long life, contributing to this point on future projects.</i>	1 point
Credit 4	Recycled Content <i>BRAZO products may contribute to this point as a typical light contains 15% post-consumer and 24% pre-consumer recycled content.</i>	1-2 points

Indoor Environmental Quality

Credit 6.1	Controllability of Systems --- Lighting <i>BRAZO individual task lights provide direct control of lighting levels.</i>	1 point
------------	--	---------

BRAZO™ Contributions to LEED® 2009

Product Name: BRAZO Light
LEED Rating System: LEED 2009 for New Construction

Energy & Atmosphere

Credit 1	Optimize Energy Performance <i>BRAZO lighting solutions utilize energy efficient LED lamps.</i>	1-10 points
----------	---	-------------
