

Hello Guest

LEED

Hello Guest contributions to LEED®

Minimize impact. Maximize investment. Hello® Guest is durable and adaptable so it will keep working for you through many years of change. Hello Guest products may contribute to the individual prerequisites and credits of LEED. Because LEED is a holistic building rating system and sustainable design guideline, there is no such thing as LEED-certified products—only ways of using and applying products to support the criteria.

Hello Guest contributes to the following LEED Certifications:

LEED 2009 for Commercial Interiors

LEED 2009 for New Construction

LEED 2009 for Existing Buildings

LEED 2009 for Core and Shell Development

Hello[®] Guest Contributions to LEED[®] 2009

Product Name: Hello Guest Seating
LEED Rating System: LEED 2009 for Commercial Interiors

Materials & Resources

Credit 2	Construction Waste Management <i>Hello Guest packing materials include cardboard, polyethylene and polypropylene banding, all of which are easily recycled in many markets.</i>	1-2 points
Credit 3.2	Materials Reuse --- Furniture and Furnishings <i>Hello Guest chairs are designed for long life, contributing to this point on future projects.</i>	1 point
