

# Very Task

LEED

## Very Task Contributions to LEED®

Minimize impact. Maximize investment. Very® Task is durable and adaptable so it will keep working for you through many years of change. Very Task products may contribute to the individual prerequisites and credits of LEED. Because LEED is a holistic building rating system and sustainable design guideline, there is no such thing as LEED-certified products—only ways of using and applying products to support the criteria.

Very Task contributes to the following LEED Certifications:

LEED 2009 for Commercial Interiors

LEED 2009 for New Construction

LEED 2009 for Existing Buildings

LEED 2009 for Core and Shell Development

# Very® Task Contributions to LEED® 2009

Product Name: Very Task Seating  
LEED Rating System: LEED 2009 for Commercial Interiors

## Materials & Resources

Credit 2	<b>Construction Waste Management</b> <i>Very Task packing materials include cardboard, polyethylene and polypropylene banding, all of which are easily recycled in many markets. Blanket wrap options may also be available to eliminate virtually all packaging waste.</i>	1-2 points
Credit 3.2	<b>Materials Reuse --- Furniture and Furnishings</b> <i>Very Task chairs are designed for long life, and can be refurbished, contributing to this point on future projects.</i>	1 point
Credit 4	<b>Recycled Content</b> <i>Very Task chairs may contribute to this point as a typical chair contains 31% post-consumer and 34% pre-consumer recycled content.</i>	1-2 points
Credit 5	<b>Regional Materials</b> <i>Very Task chairs may contribute to this point depending on the project location. Very Task chairs are manufactured in Bruce, Mississippi.</i>	1-2 points
Credit 6	<b>Rapidly Renewable Materials</b> <i>Several fabrics available for Very Task chairs are made with rapidly renewable materials such as cotton or wool.</i>	1 point

## Indoor Environmental Quality

Credit 3.2	<b>Construction IAQ Management Plan --- Before Occupancy</b> <i>Low-emitting Very Task chairs reduce emissions during construction and flush-out.</i>	1 point
Credit 4.5	<b>Low Emitting Materials --- Systems Furniture and Seating</b> <i>Very Task chairs are Greenguard certified.</i>	1 point

## Innovation & Design Process

Credit 1	<b>Innovation in Design</b> <b>Exemplary Performance</b> <i>Innovation points may be achieved when a project substantially exceeds a LEED-CI performance credit. For instance, an innovation point may be awarded for achieving 30% recycled content on a LEED-CI 2.0 project. Very Task can contribute to achieving this higher level of recycled content.</i>	1 point
