

York

LEED

York Contributions to LEED®

Minimize impact. Maximize investment. York® is durable and adaptable so it will keep working for you through many years of change. York products may contribute to the individual prerequisites and credits of LEED. Because LEED is a holistic building rating system and sustainable design guideline, there is no such thing as LEED-certified products—only ways of using and applying products to support the criteria.

York contributes to the following LEED Certifications:

LEED 2009 for Commercial Interiors

LEED 2009 for New Construction

LEED 2009 for Existing Buildings

LEED 2009 for Core and Shell Development

HAWORTH®

York® Contributions to LEED® 2009

Product Name: York Wood Casegoods
 LEED Rating System: LEED 2009 for Commercial Interiors

Energy & Atmosphere

Credit 1.1	Optimize Energy Performance - Lighting Power <i>York lighting solutions utilize high efficiency electronic ballasts and energy efficient T5 and T8 lamps.</i>	1-3 points
------------	---	------------

Materials & Resources

Credit 2	Construction Waste Management <i>York packing materials include cardboard, polyethylene film and wood, all of which are easily recycled in many markets.</i>	1-2 points
Credit 3.2	Materials Reuse --- Furniture and Furnishings <i>York products are designed to be easily moved, refurbished if desired, and reused, contributing to this point on future projects.</i>	1 point
Credit 4	Recycled Content <i>York products may contribute to this point as a typical installation contains 3% post-consumer and 79% pre-consumer recycled content.</i>	1-2 points
Credit 5	Regional Materials <i>York products may contribute to this point depending on the project location. York is manufactured in Scarborough, Ontario, Canada.</i>	1-2 points
Credit 7	Certified Wood <i>Point is not available at this time.</i>	1 point

Indoor Environmental Quality

Credit 4.5	Low-Emitting Materials --- Systems Furniture and Seating <i>Point is not available at this time.</i>	1 point
Credit 6.1	Controllability of Systems --- Lighting <i>York individual task lights provide direct control of lighting levels.</i>	1 point
Credit 8.1	Daylight and Views --- Daylight <i>Variation of component heights and proper orientation of components provides access to daylighting and preservation of view corridors.</i>	1 point
Credit 8.2	Daylight and Views - Views for Seated Spaces <i>Variation of component heights and proper orientation of components provides access to daylighting and preservation of view corridors.</i>	1 point

Innovation & Design Process

Credit 1	Innovation in Design <i>Innovation points may be achieved when a project substantially exceeds a LEED-CI performance credit. For instance, an innovation point may be awarded for achieving 30% recycled content on a LEED-CI 2009 project. York can contribute to achieving this higher level of recycled content.</i>	1 point
