

Planes Height- Adjustable Table

Crisp, clean lines suit any environment. Adjustable heights support any application. With the crossbar right underneath the top, Planes Height-Adjustable Tables are easy on the eyes and knees. Height ranges include sit-sit and sit-to-stand for best-in-class ergonomics in a variety of settings. What's more, as part of our Organic Workspace Solutions™, Planes tables integrate easily with other Haworth products for a complete, cohesive environment.

Planes Height-Adjustable Table

Planes Height-Adjustable Tables are ideal for a variety of settings, from task-intensive system workstations to ever-changing freestanding environments to private offices. The ability to alter worksurface height throughout the day helps avoid repetitive work injuries and reduces fatigue, ultimately contributing to increased productivity and employee retention.

Customize by choosing incremental, crank, torsion, or electric mechanisms, laminate or veneer tops, edge style and trim color, while keeping the look consistent throughout the space.

Only the Planes Height-Adjustable Table base meets ANSI/HFES 100-2007 height range and knee-space clearance.

Incremental Leg

Hand Crank

Torsion Paddle

Standard Actuator

Programmable Actuator
