

Customize to Maximize

Whether it's a great ergonomic chair, dual monitor arms, adjustable keyboard trays, or a footrest, it's easy to maximize comfort and enhance performance with a variety of ergonomic work tools by Haworth.

LIM™

Elegant, intuitive, and versatile, offering easy adjustments with few parts, LIM is the most comprehensive lighting solution on the market today. While this award winning, multi-purpose, multi-task lighting family has a simple design, it meets a variety of lighting needs and can be used in a broad range of applications. It's light in motion.

Monitor Arm

Adjusts effortlessly to support your personal needs, monitor arms provide ergonomic comfort while optimizing your worksurface space. Available in single and double arms, these savvy work tools have multiple, scalable options and are offered in two finishes—silver and black.

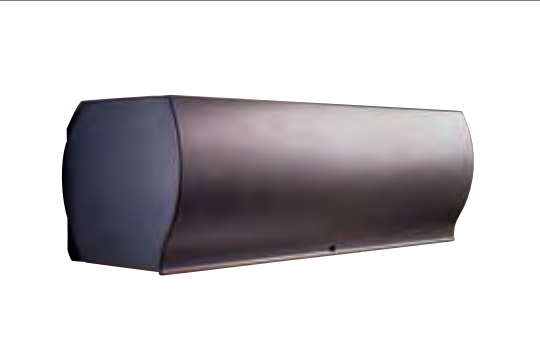

Jump® Stuff

Work smart, get control, and have fun with cool JumpStuff paper management tools. Use the rail system or slat pads to get work up and off your workspace. Accessories include covered project boxes, a desktop marker board, and much more.

Laptop Holder

For users on the go, laptop holders provide swift connections and create a truly ergonomic workspace wherever you are. It has multiple angle adjustments for user flexibility and is available with a four-port USB hub. Simplifying user needs, this laptop holder lets you work anywhere in comfort without missing a beat!

OneTouch®

With one touch of a finger, it opens and closes, which makes operation easy from a seated position. The lightweight, counterbalanced door that works with the force of gravity is the liberator of workers with limited mobility—especially those confined to wheelchairs. And, it's off-modular, so you can hang it on several locations across the length of your panels.

BRAZO®

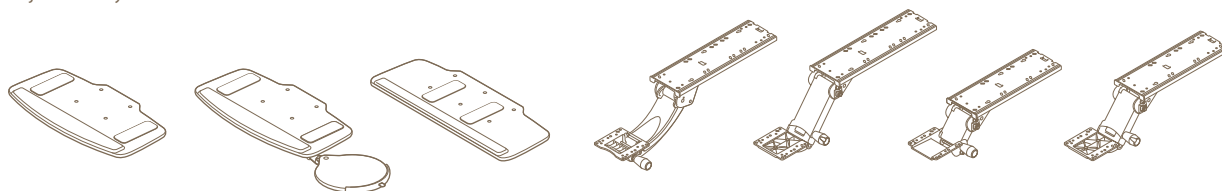

Maximum user comfort and control define this award winning LED lighting family. BRAZO's luminous arm rotates 360 degrees and pivots upward 90 degrees, so you control where the light falls and its intensity. This sleek, precision machined lamp complements any environment. BRAZO provides years of maintenance-free use with energy efficiency. And, it's 98% recyclable.

Boogie® Board

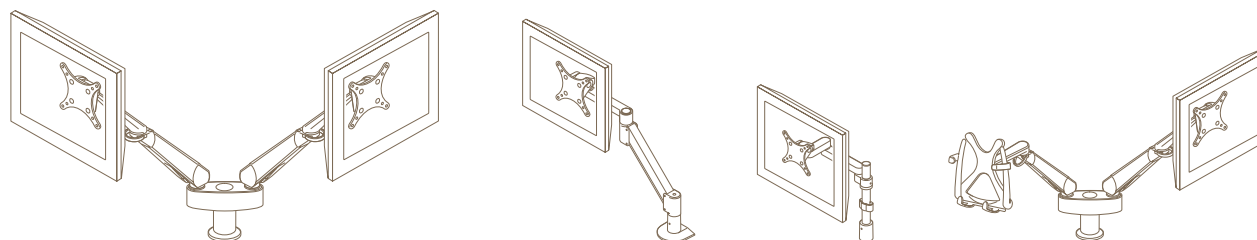

Get comfortable with our award winning, ergonomic, patented-design Boogie Board adjustable keyboard pad. Like our other AKPs, Boogie Board is easy to install and simple to use. It's fully adjustable to your preferred height, distance, and tilt comfort. You'll love the adjustable palm rest and mouse pad and appreciate its slim, smooth design to protect your knees.
