

Harbor Work Lounge™

Lounge Seating

ARTFUL WORK

In a world that enables mobility, people no longer separate the workday from the rest of life. They work wherever they can—seeking out informal, relaxing places that accommodate evolving technology. Part task seating, part lounge chair, Harbor Work Lounge balances form with function. Serious with delightful. Work with play. It offers the support people need to be productive, while making a stylish statement wherever work gets done.

FUNCTIONAL FOR YOU

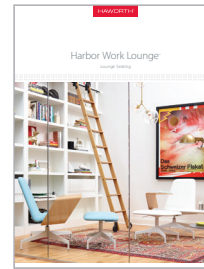

Designed by Nicolai Czumaj-Bront of the Haworth Design Studio, Harbor Work Lounge is a platform that supports your work, no matter what space you're in. Dual work surfaces provide easy access to work tools. Use the integrated sliding tablet as an active workspace for laptop or notepads. The suede upholstered seat wing holds electronics and personal items. A matching ottoman doubles as a pull-up stool for quick collaboration or a surface for holding personal items. Hang out and stay for a while and be productive—with style.

WORK. LIFE. HARMONY.

Harbor Work Lounge was created for how we work and live. It invites you to bring everything you need for the day, and easily move from one task to the next.

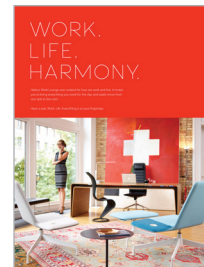

Have a seat. Work. Life. Everything is at your fingertips.
