

m_sit

HAWORTH®

m_sit

m_sit – the combination of clear and elegant design for maximum seating comfort. Classic, timeless and representative. m_sit has what it takes to become a classic. Whether in a private, lounge or foyer area, m_sit always provides a stylish solution.

Design: Wolfgang C. R. Mezger

m_sit's appeal lies in quality workmanship and exquisite materials. The combination of fabric or leather covers and a chrome frame create an optical contrast that accentuates every design context.

Extension tables provide additional tablespace and set design accents. Ideal in combination with the freestanding table made of white satined acrylic glass.

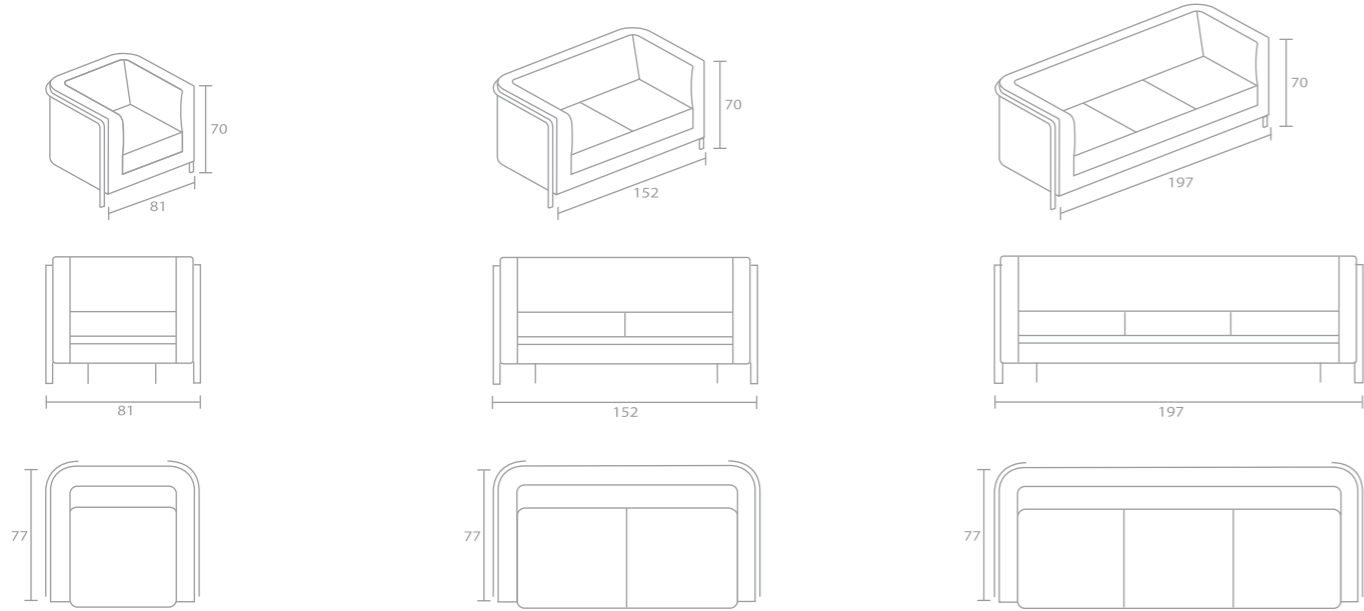

As an individual element, m_sit placed individually or configured in a group, sets clear design accents. Seating with top bridge units offers design solutions for every environment, creating comfortable waiting areas that harmoniously blend with the architecture.
