

Be_Hold

Storage Product Sheet

BE_HOLD

ELEVATE YOUR EVERY DAY WORK EXPERIENCE

Be_Hold is a unique organisational system that elevates storage beyond a functional purpose and becomes a focal point of design. Designed in collaboration with Patricia Urquiola, the system offers a wide range of colours, materials and functional elements that help it to integrate with all of Haworth's existing European product and storage systems, creating a new typology of landscapes for the office.

Be_Hold seeks to structure space and support different work styles – from highly collaborative to focused - while leveraging design elements that transform your workplace. Perforated metal, an expansive finishes palette, fabric-wrapped backs, wood tops, open shelving, lockers, and open element cabinets are only a few of the Be_Hold elements that help create functional spaces with an individual personality, without dividing teams and cultures.

Be_Hold brings a human-focused approach to storage; it structures space and supports unique work styles, bringing both space and people together.

DETAILS

DESIGNED BY Studio Urquiola

WIDE RANGE from standard to elevated design addresses a large variety of customer needs

COLOURS reflect a balance between warm and cool, similar to those found in nature

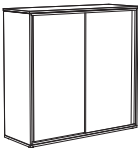

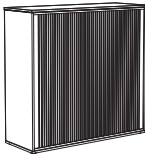

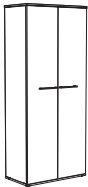

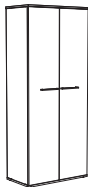

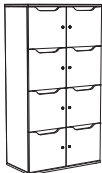

INTEGRATES with Haworth Europe portfolio, enabling new landscapes with different product combinations

FUNCTIONAL ELEMENTS meeting point + locker with electrification + top tray

BE_HOLD DESIGN Elegant and modular range with upgrades designed by Patricia Urquiola

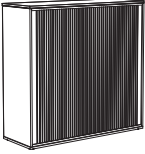

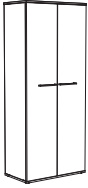

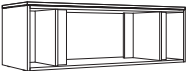

BE_HOLD ELEMENT Expansive storage portfolio with a light design language

STORAGE **Be_Hold Element**
