Value Proposition

Why Tibas?

- Simple and minimalistic design to create multiple work settings
- Sense of community with an inviting balance of practicality and visual appeal
- Cost effective and dependable
- Internationally available for multi-national customers who prefer to have similar product standards across their worldwide facilities

HAWORTH

Natural Simplicity

Tibas is remarkable for its clear design and natural lines.

Unobtrusive yet deliberately discreet and honest, the desktop appears to float gently and elegantly over the sturdy frame and harmoniously integrate into any setting.

HAWORTH

Timeless & Functional

Trends may come and trends may go but Tibas will always remain.

The Tibas system can be seen as pioneer of a generation of office furniture that will always stand out for its ecological and economic features.

HAWORTH

Timeless & Functional

Tibas is both functional and striking and can be integrated into a wide range of work environments.

The desk system not only complies with all applicable office standards, but it can be combined at will with any number of additional elements, such as screen panels, pedestals or swivel chairs.

HAWORTH

Creative Freedom

Tibas is more than just a workstation. It offers new creative scope for meeting tables too.

It features several impressive design details, for instance, a single frame side can accommodate two desktops, which saves costs and enhances the overall visual effect.

HAWORTH

Creative Freedom

Tibas collaborative range offers new creative scope for your office area.

As collaboration becomes the new currency of 'idea' economy, the need to better support agile and flexible spaces becomes highly important.

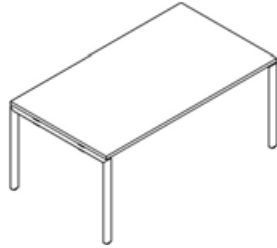

The workspace will become increasingly collaborative in nature with product solutions playing a critical role in the new 'work from anywhere' reality.
