Warranty Details

Light 1609OB

This product is covered by a full **5-Year** manufacturer's 'Return-To-Base' warranty against faulty components and workmanship.

A copy of the relevant sales invoice must be produced for all warranty claims.

On-site repairs, should the need arise, can be arranged if required and may be at additional cost.

Care and Maintenance:

For general cleaning wash the plastic with a soft, lint-free cloth in a mixture of warm water and diluted mild detergent.

Fabric and/or Leather should be cared for and cleaned if necessary following the manufacturer's recommendations. Dust periodically using a soft white, dry and non-abrasive cloth. For stains: remove the stain from the surface quickly, soaking it up using a cloth or kitchen paper. Then rub delicately from the outside of the stain towards the inside with a clean cloth soaked in a solution of water and neutral white soap. Clean the stain using a circular movement, working from the outside towards the inside. The use of washing-up liquids or similar detergents is not recommended as it can leave residues on the fibres of the upholstery.

All polished chrome and aluminium finishes can be easily cleaned and maintained using conventional products such as Brass-O cream and lint free cloth.

PLASTIC SEAT SHELLS

For general cleaning wash the plastic with a soft, lint-free cloth in a mixture of warm water and diluted mild detergent.

OR

For general cleaning of Plastic components such as chair bases, outer backs and seat shells, wash the plastic with a soft, lint-free cloth in a mixture of warm water and diluted mild detergent.

UPHOLSTERED IN FABRIC

Fabric should be cared for and cleaned if necessary following the manufacturer's recommendations.

POWDERCOAT FINISHES

For powder coated finishes, wash with a soft lint-free cloth in mild detergent and warm water. Rinse thoroughly and gently dry with a clean lint-free cloth.

LAMINATE TABLE TOPS

For general cleaning of a laminex top wash with a soft, lint-free cloth on a mixture of warm water and diluted mild detergent. For heavier removal of food, oils or finger marks use a mixture of warm water and diluted mild detergent with a soft bristle brush. Rinse thoroughly and dry by gently buffing with a soft lint-free cloth.

VENEER TABLE TOP

It is important that the 'VIC Ash' Veneer tops should only be cleaned / wiped down with a damp cloth. Use a very small amount of water on the cloth, never apply water directly onto the top. Make sure the top is wiped with a clean dry cloth after.

No chemicals to be used to clean the tops.

TASMAIN OAK TABLE TOP

The 'Tasmanian Oak' table top should be wash with a soft lint-free cloth in mild detergent and warm water. Rinse thoroughly and gently dry with a clean lint-free cloth.

POLISHED CHROME

All polished chrome and aluminium finishes can be easily cleaned and maintained using conventional products such as Brass-O cream and lint free cloth.

OR

For routine cleaning of satin chrome base we recommend the use of Kenco 'Bright Shine' cotton wadding polish to remove tarnish and dirt build-up. Polish dry with a soft, lint-free cloth. This product is available from good automotive parts retailers.

STAINLESS STEEL

For all Stainless Steel Table Bases we recommend the use of Kenco 'Bright Shine' cotton wadding polish to remove tarnish and dirtbuild-up. Polish dry with a soft, lint-free cloth.

SOLID TIMBER

The Solid timber should be washed with a soft lint free cloth in mild detergent and warm water. Rinse thoroughly and gently dry with a clean lint free cloth.

WOOD

Occasionally gently buff the surface in the direction of the wood grain with a soft lint free cloth.

CORK

The Cork seat can be cleaned carefully using a lint free cloth and warm soapy water.
