Cocoon & Media

boss design

Cocoon aims to combine the sit and posture of a traditional desk and task seat, with the comfort and feel from a sofa. The high sides, back and roof provide total privacy from the surrounding environment without the need for interior substructures.

The Media Unit can be used as a standalone piece or in conjunction with the Cocoon units. The specifier can choose between an upholstered back panel or panel with fixed whiteboard.

Features
- Can be upholstered in a wide range of fabrics (except leather or vinyl)
- Rear panel available as a whiteboard
- White MFC table top with square edge
- Anthracite vinyl kick-plate to table base
- Table top unit includes: 2x UK power sockets, 2x USB chargers, 1x HDMI TV input
- Supports monitors from 32" to 46"
- VESA at display mounting interface (FDMI) variant F
