

break

brunner break | jehs+laub

break looks great in a lounge area and even better if you simply place it wherever required. The five-star base is made of polished aluminium with a chromed supporting column, while the table top is available in many different shapes, sizes and colours – to suit your needs. Used in the lounge or as a bistro table – break really stands out regardless of size and shape. Tall or short, it is a favourite for taking a break.

HAWORTH® Collection

DIMENSIONS

Bistro and cafeteria table 3962

circle

3962/1
