

A photograph of an outdoor dining area. In the foreground, a white square table and a teal-colored metal chair are visible. The chair has a distinctive design with parallel slats. In the background, another similar table and chair are set up. The tables are set with white plates, glasses, and bottles. A large white umbrella is partially visible at the top of the frame. The setting is outdoors on a paved surface, with a body of water and a distant hill in the background. The sky is blue with a faint rainbow visible in the distance.

crona steel

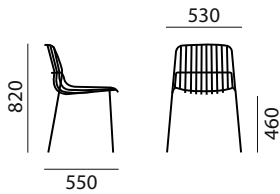

brunner crona steel | Archirivolto

Although the flat steel struts of the crona steel run in parallel, some surprising things also converge here: despite its robust design, it will help you to relax. Available in seven colours and with a special outdoor coating, crona steel makes a clear design statement – indoors and outdoors.
