

# first

brunner first | Brunner Werksdesign

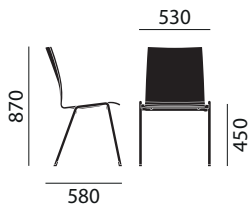

The first range is a collection of row seating chairs with four models available: first choice, first place, first class and first line.

An invisible row linking system that works without any extra elements is the outstanding characteristic of all models from the first series.

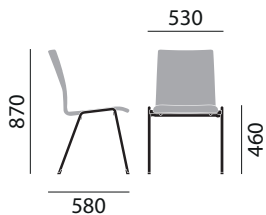

**HAWORTH®** Collection

## DIMENSIONS

### Frame-linking stacking chair, vertically stackable 4504

### Frame-linking stacking chair, vertically stackable 4524
