

ray

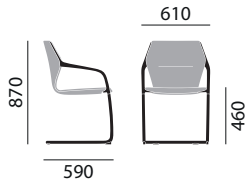

brunner ray | jehs+laub

In addition to springy seating and the dynamic nature of its predecessor, it also encompasses entirely new forms of flexibility: The rotatable seat is virtually suspended over a sophisticated die-cast aluminium frame which houses an innovative movement mechanism. It is springy, vibrates and opens up the room in all directions – ray therefore even gets long meetings moving.

HAWORTH® Collection

DIMENSIONS**Chair with armrests 9206/A**

**Chair with armrests 9207/A**
