

Elan by Cappellini

Jasper Morrison | 1999

Energy, style and enthusiasm. The definition of Elan accurately describes the range of sofas and armchairs. The range is modular, consisting of central elements and end elements with or without armrests. Choose whether to blend in or make a statement while providing a sophisticated look and soft comfort. They work beautifully in lounges, lobbies, libraries, and enclaves, maintaining a neutral presence or adding a splash of colour. Elan is available in selected fabrics and leathers of the collection. Legs are Matte Anthracite, White or Satined Stainless Steel.
