

Framery O

Ideal for one – awkward for two

Framery O is ideal for important calls or video conferences. Have your discussions in privacy without disturbing your colleagues. Framery O delivers an echo-free and comfortable working environment. Installation is fast and the pod is ready to be used the same day it's delivered.

Superior sound insulation

Quality materials deliver on the acoustic promises. A combination of sustainably sourced materials, patented technology and signature design creates an award winning result. So, no matter how noisy the office, you always have a place to concentrate.

It's handsome – inside and out

The much admired signature design of Framery pods and office phone booths fit naturally in open offices. Framery has color schemes and accessories to fit all styles and needs, while sustainable high-quality materials guarantee a quality user experience.

Fresh air feeds happiness

Patented innovations make Framery office pods a happy place to be. Inside it's always quiet and the air is always fresh.

Excellent ergonomics

Put your laptop on the table, sit comfortably on an adjustable stool and do your thing. Colors and accessories are customizable.
