# HushHybrid

HushHybrid is a comfortable acoustic booth made for working privately for extended periods of time, making phone calls and improved videoconferences. The booth is adapted for an all-in-one computer or a screen with VESA mounting. The work table has adjustable depth, allowing it to be adapted to the individual needs of users. Additional side LED lighting provides favourable facial illumination during video conferences.

Features

- Upholstered interior panels available in two types of fabrics in a total of forty colours
- Speech level reduction at 26.4 dB secures privacy of conversations
- Fully automatic efficient ventilation and LED lighting system to guarantee comfort and convenience
- Additional face light strips with adjustable intensity
- Integrated wheels ensuring easy booth transport
