

HushWork

HushWork is an acoustic booth that provides a private space for working alone. It has a built-in non-adjustable desk and an ergonomic shelf with storage space. HushWork is the perfect place to work effectively in peace and quiet. Easy-to-use regulation of light and ventilation allows you to adjust the working environment to the individual needs and preferences of the user. A classic desk is a convenient place to work at the computer. The booth takes up less than 2 sqm, so it fits in most office spaces.

Features

- Upholstered interior panels available in two types of fabrics in a total of forty colours
- Speech level reduction at 27 dB secures privacy of conversations
- Compact size easy to relocate
- Fully automatic efficient ventilation and LED lighting system to guarantee comfort and convenience
