

# Haworth Collaborate™

Haworth Collaborate™ supports the power of collaboration by enabling continuous process and information flow without disruption. Mobile tools help people move and interact. Carts and screens work with individual work systems and can be used in new or existing meeting spaces and ancillary settings.

## Features

- Flexibility to change from collective to focus work
- Easy control and maneuver with lockable multi-directional swivel castors
- Versatility to adapt to ever changing spaces - creating space division and acoustic/visual privacy in open floorplans
- Incentivate team work and interactive collaboration
- Customisable with a wide range of configurations, including mounts, materials, finishes, and sizes
- Optional markerboard rails allow tablet markerboards to be mounted and removed as needed
