

Haworth Cardigan Lounge™

Haworth Cardigan Lounge™ combines innovation and sustainability. Inspired by the elegance of knitwear, it embraces your body’s contours, delivering unmatched warmth and comfort. Lightweight, flexible, and effortlessly portable, it complements any space. Whether it’s a vibrant social break area, a tranquil retreat, or a stylish lounge for networking, it seamlessly adapts to your surroundings. Sustainability anchors the essence of this exceptional chair, aligning with Haworth’s Commitments.

Design
Studio Urquiola

Features

- Innovative features distinguish the multi-award-winning Haworth Cardigan Lounge™
- Glue-Free Construction: A clean and sustainable manufacturing process.
- Biomass Balance Foam: an environmentally friendly approach. The seat foam is crafted from biomass, saving 100% of fossil resources.
- Zero Upholstery Waste: A Contribution to a circular economy. The upholstery is a single piece of 3D knit fabric, ingeniously made from 100% post-consumer PET bottles.
- Uniquely Designed Metal Frame: The chair’s frame is dismountable, thus reducing shipping volume and optimising resource usage.
