Eddy is a versatile table for breakout, office and meeting spaces. Mounted on casters, it is easy to be moved and set up, providing you an adjustable work surface wherever you need to be.

Eddy was designed by Johannes Torpe Studios (JTS) in collaboration with Haworth Asia Pacific.

The simple, quick release makes adjustment very easy, with an adjustment range of 340mm, so you can sit correctly in even the most relaxed environments. Eddy will support your laptop with ease and even provide hanging space for small bags.
