HAWORTH®

Kreissparkasse Köln, Bergisch Gladbach

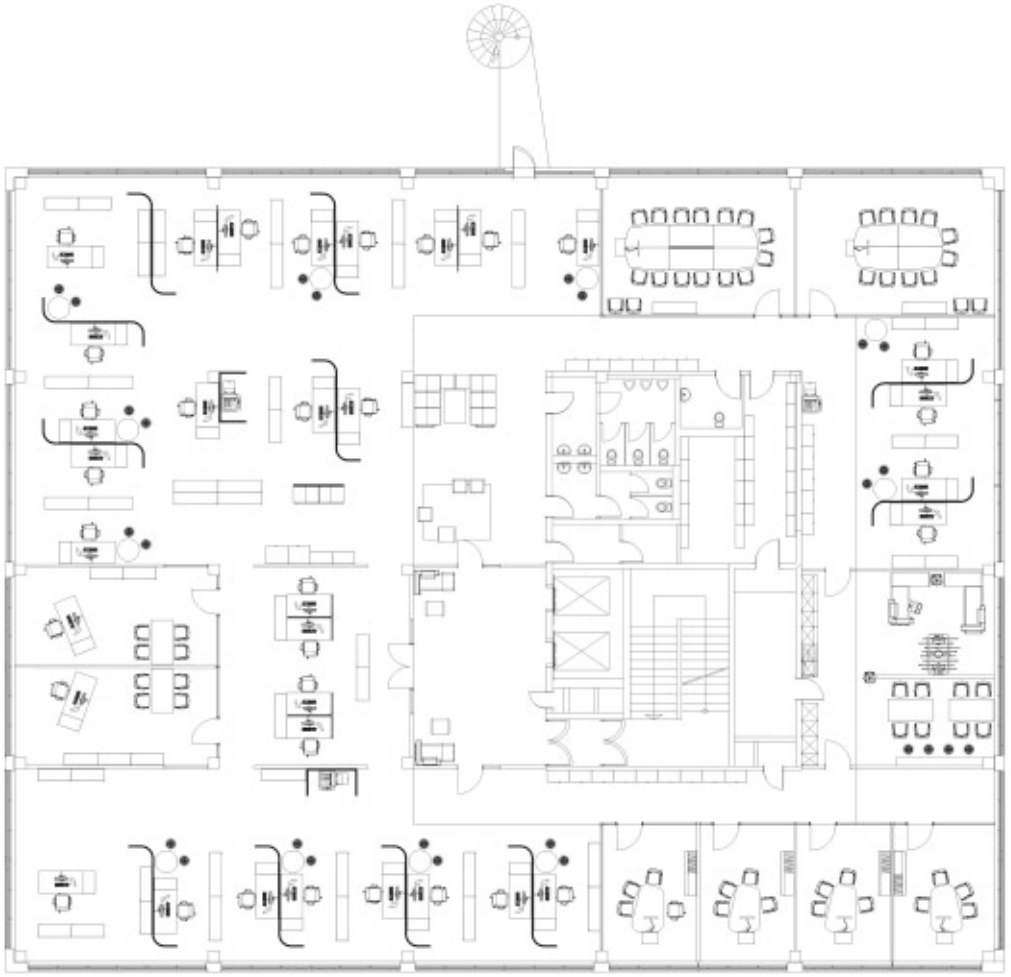

The Kreissparkasse Köln provides banking services to an area of 3,600 square kilometres, encompassing 42 towns and cities, which makes it one of the largest financial services providers in the region. As part of its positioning as a strong and forward-looking financial partner, the Kreissparkasse Köln has expanded its service offering and optimised its branch structure. For the Bergisch Gladbach customer service centre, Haworth developed a streamlined open-plan solution that promotes communication and provides flexible spaces for a variety of tasks.

The challenge for Haworth was to find a solution that accommodates a wide range of different work modes with often contrasting needs, such as privacy and discretion on the one hand, open and friendly spaces on the other. Customer service areas and consultation booths were equipped with Hexagon desks and Comforto 59 swivel chairs, complemented by casual LTB and MeetYou lounge elements. Vados cupboards and MeetYou partitions screen and structure the different spaces and offer the privacy required for confidential customer consultation.
