BuzziBracks

Modular Privacy & Acoustical Booths

BuzziBracks™ is a flexible modular system with no boundaries. Design your space according to everyday needs. Configure, reconfigure, and move the nooks to create microenvironments anywhere within open spaces for meetings, calls, focus work, or collaboration while staying connected with the outside world.

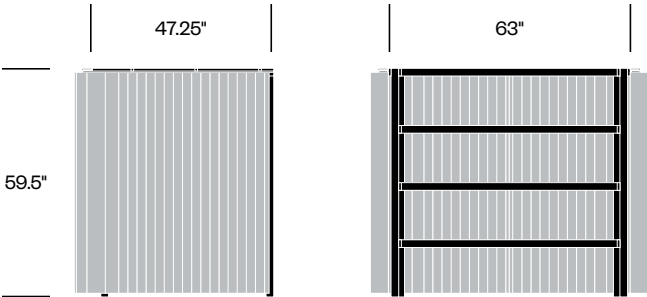

Features

- Modular design with a bracket system for accessories offers application flexibility and adaptability
- U-shaped metal frame with curtains offers visual and acoustic privacy
- Three heights and multiple widths available
- Combine frames with BuzziBracks accessories or other furnishings
- Available accessories range from meeting tables and shelves to coat hooks, occupancy flags, and pinboards
- Power management and connectivity options available

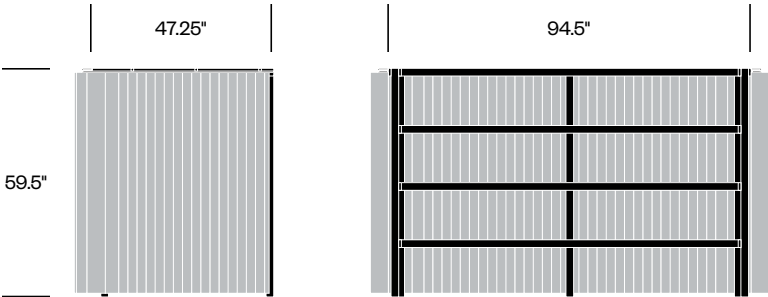

Accolades
