

BuzziLight Mono

BuzziSpace | Sas Adriaenssens | 2008

Recognized for its shadow play, strong vertical lines give BuzziLight Mono a lantern-like silhouette in a sound-absorbing light. Fabricated from 100 percent BuzziFelt, and available in a wide array of colors, light plays through the pendant to create dramatic shadows against nearby walls. Optional contrasting stitching at the base speaks to handcrafting and adds to its residential appeal.
