**1 Inch** emeco

Tables

# HAWORTH collection

1 Inch Designed by Jasper Morrison

Jasper Morrison leveraged Emeco's hallmarks of strength and sustainability when designing the 1 Inch tables. The table base is made with the collection's signature one-inch square aluminum tube, and perfectly complements 1 Inch chairs and stools. Functional, lightweight, and sleek, 1 Inch is engineered for indoor and outdoor social spaces.

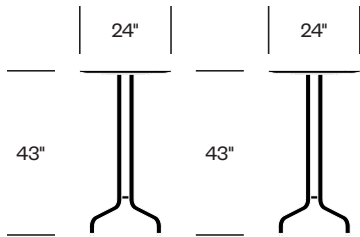

## Features

- Base made from 80% recycled aluminum
- Standard height collaborative table in rectangular, or three sizes with round or square top
- Bar-height collaborative table in two sizes with round or square top
- Hand-brushed, clear-anodized aluminum and Accoya wood are suitable for indoor and outdoor use
- Collection also includes 1 Inch chairs and stools
