

HAWORTH collection

**1 Inch** emeco

Seating

Jasper Morrison replicated Emeco's signature combination of strength and sustainability to create lightweight seating featuring 1-inch frames. 1 Inch is handcrafted from recycled aluminum using the same 77-step process as the original Navy chair. Choose from chairs and stools that are timeless and engineered to last. A perfect pairing for 1 Inch Tables in social spaces or anywhere clean lines are desired.

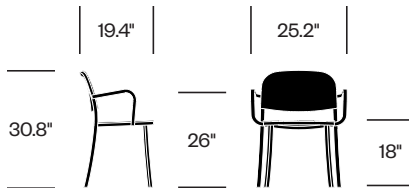

#### Features

- Plywood seat and back are locally sourced from sustainable forests in North America, certified by FSC (Forest Stewardship Council)
- Side chair with and without arms stack 6 high
- Collection also includes 1 Inch Reclaimed, 1 Inch All Aluminum, and 1 Inch Tables
