Tables

HAWORTH collection

2 Inch Designed by Jasper Morrison

Jasper Morrison leveraged Emeco's hallmarks of strength and sustainability when designing the 2 Inch tables. The table column is beautifully formed to a softly rounded square shape, with either a flat or x-base. Functional, lightweight, and sleek, 2 Inch is engineered for indoor and outdoor social spaces.

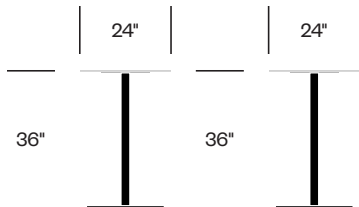

Features

- Standard height collaborative table in rectangular, or three sizes with round or square top
- Bar-height or counter-height collaborative table in two sizes with round or square top
- Hand-brushed, clear-anodized aluminum and Accoya wood surfaces are suitable for indoor and outdoor use
- Collection also includes 1 Inch chairs and stools
