Seating

HAWORTH collection

Za Designed by Naoto Fukasawa

Za, meaning “a place to sit” in Japanese, is a simple stool for social spaces, both indoors and out. Made by hand and built for lifetimes of use, Za is the perfect seating solution to withstand the test of time.

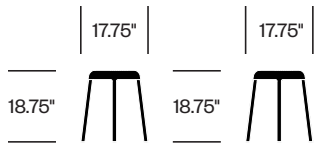

Features

- Made from 80% recycled aluminum
- Hand-brushed, clear-anodized and painted finishes are suitable for outdoor use
- Available in 3 heights
