Eternity Swivel, Black Base

Coffee shell or wood waste mixed with post-consumer e-waste

The Eternity Swivel chair aligns with the rest of the Eternity Collection with a soft-shaped shell made of our waste material Matek®. The waste materials used for the Matek® come from post-consumer e-waste mixed with either wood or coffee waste, depending on the colour. The base frame is made of 96% recycled, black-painted aluminum. The Eternity Swivel Chair comes in several Matek® blends and with or without upholstery.

Wood Waste Grey

Coffee Waste Light

Coffee Waste Dark

Coffee Waste Black

Mater Sustainability Factsheet

Matek®

In alliance with large corporations, Mater explores new technology that recycles industrial fibre and plastic waste. This results in five new unique patented materials under the name Matek®.

Read more about Matek **here**

Aluminum

The base of the Swivel chair is made of 96% recycled aluminum. The last 4% is new material added to secure the stability of the frame.

CO_2 Footprint

At Mater, we believe in the importance of transparency. By doing Life Cycle Assessments (LCA) on our furniture, we can analyse the total climate emission for each of our product's lifespan.

Mater Take-Back

We unhesitatingly offer to take all our furniture made from Matek® back at the end of its life to recycle it into new furniture.
