

HAWORTH collection

Newood Light cappellini

Side & Lounge Seating

The Newood Light collection reflects all of the beauty and characteristics of original Newood seating, but is visually lighter. The distinctive solid curved-wood backrest on each chair and stool joins the back sides of the frame without any spindles attached to the seat—for an open, airy feel. A seat pad with a variety of fabric, leather, and faux leather upholstery options may be added for enhanced comfort and design flexibility.

Features

- The Newood Light collection includes side chairs, as well as lower, slightly reclined lounge chairs, stools, and a trolley cart
- All chairs and stools have a sturdy solid ash frame
- Stools are available in two heights with a brushed stainless-steel footrest
- Seats for both chairs and stools are beech plywood with ash veneer stained to match the structure color
- Optional padded seat cushion is upholstered in fabric, leather, or faux leather
- Side chairs stack four high, or up to 12-high on a trolley cart; lounge chairs and stools do not stack
- Trolley cart frame is padded on top to protect stacked chairs from dings and scratches

Certifications

- Side chair and stools meet ANSI/BIFMA X5.1 Standard for Office Seating
- Lounge chair meets ANSI/BIFMA X5.4 Standard for Public and Lounge Seating
