Windowseat HAWORTH

Lounge/Ottomans

HAWORTH collection

Windowseat Designed by Mike & Maaike

Windowseat® lounge chair with a canopy offers visual and acoustical privacy for phone calls or one-on-one interactions in busy environments. A gap between the back and canopy prevents a closed-in feeling and allows the user to see and hear what is going on around them.

Features

- Windowseat without a canopy for lounges, lobbies, and meeting areas
- Steel base swivel with self-return
- Chair and ottoman are fully upholstered
