StyleView Vertical Lift ergotron®

Workstation

In high-traffic areas where space is limited, the StyleView® Vertical Lift provides a compact, ultra-low-profile, wall-mounted workstation that folds away when not in use. The entire system moves together with simple, smooth vertical adjustment to fit a variety of users. A unique cable management system organizes and hides cords, while making cleaning easier.

A pioneer in ergonomic solutions for caregivers, our partner Ergotron has nearly 40 years of experience enhancing workflows to help health professionals thrive and drive positive patient experiences.

Features

- Flexible installation provides 9" (229 mm) of vertical adjustment which allows a range of users to sit or stand comfortably
- Patented Constant Force™ Technology provides smooth adjustment while maintaining monitor/touchscreen stability
- Monitor, keyboard, and mouse move together using a single handle
- Concealed integrated cable management system can be configured on either side to organize cords and make cleaning easy
- Keyboard surface auto-retracts up and out of the way when not in use
- Back-tilt keyboard tray adjusts 0°-10° for ergonomic comfort
- Integrated mouse and scanner holder keeps tech accessories with the unit
- Storage depth of just 4" (102 mm) when not in use
- Wall-mounted with no floor supports to keep space below clear
