StyleView Sit-Stand Combo Arm with Pan

ergotron®

Workstation

In areas where space is limited, StyleView® Sit-Stand Combo Arm with Pan provides a compact workstation that folds away when not in use. The entire system moves together with simple, smooth height adjustability to offer sitting or standing comfort for nearly anyone. Independent monitor adjustment and 180° pan feature support collaboration and interactive conversations with patients or colleagues.

A pioneer in ergonomic solutions for caregivers, our partner Ergotron has nearly 40 years of experience enhancing workflows to help health professionals thrive and drive positive patient experiences.

Features

- Flexible installation provides 20" (508 mm) of vertical adjustment which allows a wide range of users to sit or stand comfortably
- Patented Constant Force™ Technology ensures smooth adjustments
- Monitor, keyboard, and mouse move together
- Personalize monitor position with an additional 5" (127 mm) of height adjustability that moves with the keyboard tray, 180° pan for screen sharing, portrait-to-landscape rotation, and 30° of tilt
- Extend screen and keyboard up to 43" (1,092 mm) away from the wall
- Expansive cable management system keeps cords hidden and out of the way
- Back-tilt keyboard tray adjusts from 0°-10° for ergonomic comfort
- Integrated mouse and scanner holder keeps technology with the unit
- Easily fold arm out of the way and stow keyboard to save space when not in use
- Easy to clean, with antimicrobial-treated surfaces and wrist rest
- Wall-mounted with no floor supports to keep space below clear and provide ample leg room when seated
