Belong Power Modules

Accessories

Belong™ Power Solutions are designed to work together for a holistic power and wire management experience. The Belong™ 15W and 65W power modules provide access to power and charging where people need it—at the worksurface, below the worksurface, or in both locations. From the clean lines and texture to the functionality and features like the hinged braided cord, the design of Belong Power Solutions is all about attention to detail.

Features

- **Power Cube**
 - 15W power cube provides 3 standard power outlets, 2 USB-A and 1 USB-C charging ports, plus wireless charging
 - 65W power cube provides 3 standard power outlets, 1 USB-A and 2 USB-C charging ports, plus wireless charging
 - Charging icons on the 65W power cube assist users in obtaining the fastest charging experience based on device type (see Belong Power 65W Charging Guide for details)
 - Cord hinges downward for rear-edge desktop placement to keep your worksurface neat
 - 65W power cubes are packaged in units of 6 to reduce installation time and packaging waste
- **Plug Strip**
 - Provides 5 standard power outlets where you need them
 - Mounts inside Belong wire management tray (available separately) or under worksurface
 - Brackets available to mount plug strips to the back of the worksurface for an alternate desktop power solution
 - Packaged in units of 6 to reduce installation time and packaging waste
- **Power Suite**
 - Combines all the features of a 15W or 65W power cube and a plug strip into a single unit with one cord connection to the main power
 - Offers convenient power access and charging above the worksurface and long-term power access below
 - Plug strip portion can be mounted inside wire management tray (available separately)
 - 65W power suites packaged in units of 6 to reduce installation time and packaging waste
- A variety of mounting brackets is available for all Belong power modules
- Elements are designed to work with Belong wire management tray, mesh cord manager, and cord management cuffs, as well as the Belong hatch
- Belong power suite, power cube, and plug strip are not designed or UL/CSA listed for “daisy-chain” applications.

Certifications/Accolades

- ETL listed to UL standards
