

HAWORTH

Collaborate

Freestanding Screens

Collaborate® accessories support collaboration by empowering people to do their bestwork—no matter their workstyle. Dual-purpose freestanding screens can divide spaces, provide privacy, and support collaboration. Their 80 possible configurations help people work the way they want, support meeting mobility, and offer seamless reconfiguration as needs change.

Features

- Create space division and acoustic/visual privacy in open floorplans
- Customizable with 80 possible configurations, combining add-ons, mounts, materials, finishes, and sizes
- Tackable fabric and markerboard options support collaboration and keep reference materials handy
- Markerboard rails can be added to allow tablet markerboards to be mounted and removed as needed
- Display/share information digitally with monitor mount functionality
- 42" and 48" screens can be configured at 90° angles from one another, creating corners for greater acoustic privacy and more application options
- Choose 4-way-pivot casters (two locking) or glides depending on space and mobility needs
- Add single or dual-sided hooks to hang bags and other personal items
- Dimensions intentionally designed to align with other Haworth products
