

HAWORTH

Mobile Carts

Accessories

Versatile, height-adjustable mobile carts from Ergotron let people work comfortably and untethered, freeing them to wheel their workspace and technology wherever they're needed. Durable and dependable, mobile carts fit a variety of work flows and workstyles, making them ideal for the office, home, education, healthcare, and hospitality environments.

Features

- A variety of styles can be customized for comfort, efficiency, and collaboration
- Add optional accessories that support your work, like storage baskets that keep all your tools handy
- Gliding dual casters offer easy mobility; two casters are lockable for stability when stopped

LearnFit® Sit-Stand Desk

- Ideal for classrooms, home office, as well as collaborative and conference spaces
- Lightweight design and simple on-demand height-adjustability create active, flexible work or learning environments anywhere you need them
- Two height-adjustable ranges available to fit ages 9–adult (6 and up for stand-only) or 12–adult

TeachWell® Mobile Digital Workspace

- Sit-to-stand height-adjustable platform moves keyboard, display, and worksurface in one fluid motion
- Fits in tight spots for space efficiency

NeoFlex® Laptop Cart

- Large worksurface with 20" (51 cm) of height adjustability to work sitting or standing
- Includes laptop security system, offering theft deterrence and stability to protect against bumps
- Rugged, open-architecture design with small footprint
