

HAWORTH

WorkFit Sit-Stand Workstations

Accessories

This versatile solution from Ergotron easily retrofits a table or desk into a height-adjustable, sit-stand workstation in just seconds. Ideal for smaller floorplans and shared spaces, each user can position the WorkFit keyboard surface and monitor to the most ergonomic height.

Certifications

- BIFMA LEVEL® 2 Certified

Features

- Generous height-adjustment ranges
- Stability throughout the range of motion
- Smooth extension and retraction motions
- Standing desk converter (WorkFit T, WorkFit TL, and Z Mini)
 - Sits directly on a surface
 - X-shaped lift folds close to the surface
 - WorkFit T is 35" x 23"; WorkFit TL is 37.5" x 23"; Z Mini is 31" x 21"
- Standing desk attachment (WorkFit S and WorkFit Dual SR)
 - WorkFit S supports a keyboard, single or dual monitor setup, and offers a secondary surface
- WorkFit Dual SR supports a keyboard and a dual monitor setup
 - Securely attaches to the front (WorkFit S) or back (WorkFit Dual SR) of the desk surface
- Standing desk arm (WorkFit A and WorkFit LX)
 - WorkFit A swings a single or dual monitor and keyboard right, left, up, or down in one simple motion
 - WorkFit LX arms move independently
 - Sturdy clamp attaches to the back of the desk surface
