Masters Series

Private Office

The nature of work is evolving rapidly, with hybrid roles strongly influencing the ways and places people work. This change is significantly impacting corporate culture, employee engagement, and workplace design—resulting in a strategy shift where private offices and service firms are prioritizing the needs of a new work landscape.

Whether addressing essential needs or the intricacies of customization, Masters Series® provides an opportunity for organizations to showcase their identity through the spaces they design. Enhance employee attraction, retention, and engagement with personalized, scalable office solutions from Masters Series.

Befitting Design

The Masters Series standard offering, combined with our Tailored Solutions™ customization capability, provides workspaces that feel grounded, invigorating, and engaging. From entry-level to executive offices, particularly in private practices and professional services environments, Masters Series reflects an organization's culture as it supports people's workstyles. Its versatility and refined aesthetic make it a natural fit where attention to detail and a polished image are paramount.

Crafted Quality

Masters Series offers flexibility to be creative with a wide selection of materials. Superior craftsmanship helps create the right aesthetic that suits the organization—from traditional to progressive. Glue and dowel, case-clamped construction provides a durable offering that withstands the rigors of everyday use.

Make a Positive Impact

Every piece of sustainably sourced wood furniture is manufactured with an eye on environmental stewardship, achieving FSC certification. Masters Series uses only an eco-friendly, water-based UV-cured wood finishing process called EcoShield Ultra for responsible veneer production. These environmental upgrades are available at no extra charge.

Design Choices

Masters Series is handcrafted to meet customer designs and specifications. Choose from an array of grain patterns and materials, including top-quality, AWI-selected veneers for the natural beauty of wood. High-pressure laminates, glass, and edge options offer extensive customization options, and Tailored Solutions further expands design opportunities.

Aligning People and Space for Optimal Performance

Your people, organization, and facilities are at the center of everything we do. We help create spaces that solve for your business needs—resulting in effective people and efficient use of real estate.
