# Bowi

Conference Seating

Bowi® conference seating is a versatile solution with a simple aesthetic for a range of environments—from conference rooms to cafeterias and meeting areas to project spaces. Its clever mechanism allows for an easy tilt of the entire seat shell to store multiple chairs in minimal space. Bowi nests neatly, and when you're ready to sit, it locks into place with a reassuring click.

### Features

- An infinite number of chairs on casters can roll together and nest for easy storage—you're only limited by the amount of space you have
- Only 8.3" (210 mm) of storage space needed per additional nested chair
- Tip-forward design with a unique pivoting mechanism that easily clicks and locks into place for safe sitting
- Simple, clean aesthetic with a one-piece molded plastic seat shell

### Certifications & Accolades

- BIFMA Level 2 Certified
- iF DESIGN AWARD Winner
