

HAWORTH

# Harbor Work Lounge

Seating

Created for how we live and work today, Harbor Work Lounge offers people choice in where they get things done, helping them be both comfortable and productive. It offers mobility and accommodates personal items, technology, and work tools with a design that makes a statement.

#### Features

- Dual work surfaces for easy access to work tools, with left- or right-handed orientation:
  - Seat wing with cup holder functions as an integrated side table
  - Optional integrated tablet arm slides in and out, providing a personal surface for a laptop or note-taking
- Available ottoman adjusts in height from 16.5" to 19.5" to double as pull-up seating; integrated cupholder pivots out when needed or hides away when not in use
- Tablet arm is finished in laminate or wood veneer
- Fully or partially upholstered chair shell
- Cast aluminum base on casters or glides swivels 22° in each direction with a self-returning mechanism
