

HAWORTH

# Rock Garden JANUS et Cie

Seating

With a balance of richly textured materials, flowing curves, and sleek lines, Rock Garden seating evokes harmony. The collection features a driftwood-painted teak frame and handwoven JANUSfiber seat and back, lending durable refinement to indoor and outdoor environments, from chic to rustic, bustling to serene.

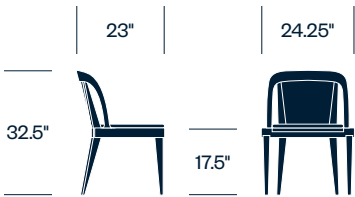

## Features

- Sofa modules can be configured to suit the need
- JANUSfiber is a low-maintenance synthetic fiber made from high density, recyclable polyethylene
- Coordinates with Rock Garden tables
- Suitable for indoor/outdoor use

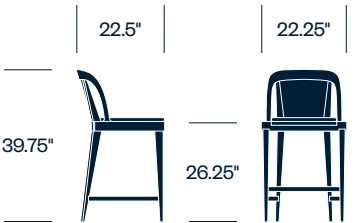

## Certifications

- Teak is responsibly sourced in accordance with Indonesia's sustainable forest management system
