

HAWORTH

Tilt

Stool

The Tilt™ height-adjustable stool provides balanced mobility for seated posture changes, letting people stay active, engaged, and ready for daily interactions. Tilt supports the ways people work, while offering simplicity in form and function for dynamic spaces.

Features

- Steel column has pneumatic height adjustment from sitting to standing height (23.5-34.75")
- Rounded, tilting base lets users lean forward, back, or side-to-side while seated
- Seat is black urethane
- Base is structural urethane covered with steel
- Four base colors: Accent Orange, Black, Graphite, and Smooth Plaster
